to the inhabitants of the town of Dudley

Gentlemen

Whereas you have been inclind to give me an invitation to settle with you in ye great work of the ministry when I consider my own unworthyness for such a service & my insufficiency of my self to perform the same as I ought I cannot but be exceeding fearfull of taking such a charg upon me But beleiving that the grace of that God who has called me to this work will be sufficient for me and hoping that you always consider ministers of the gosple as fellow men with your selves and subject to like passion with others and therefore will be candid and ingenuous towards them and so I shall not deny you your request and as to the things of this life neicssary for human support I have no need to tell you that the price of such things is Daily rising and that there is the prospect of Dearer living still and gentlemen I trust that you are all agreed that A minister of Christ ought to have an honourable maintainance suitable to his sacred charecter & station that he may not be

ye reverend
m^r hows
answer

Abligd to intangle himself with the affairs of this life and I make no question but hartly willing to communicate to him that teacheth in all good thing for so hath the Lord ordained that those which preach the gosple should live of the gosple perswading my self therefore & depending upon this that as your outward circumstances increase and grow better you will proportionably & chearfully contribute to the bettering the condition & accomodations of him who labours among you in word and doctrine I say depending upon this that you will not tye me up to the Salerry you have already voted me when you shall be able to give more and my necessty requirs the same I accept of your call and invitation to settle among you in the great work of the ministry provided you consent to the following proposals viz

1 that you secure to me 115 acurs of land designd by coll^d Dudley for the help of the town in settleing a minister by a good warrent fee Deed from your select men

2) that you find and bring to my Dwelling house a sufficiency of cord wood for the maintainance of my own fires yearly and whereas you have generously voted me one hundred pounds besids the above sd lott of land as a consideration for my settling with you I would by no means be thought or understood to slight such an offer but when I consider the infancy of your town and the great charg you have been and still are at considering your number and ability & the difficulty of procuring of money at this day I should chuse that you would not Ablige your selves to pay that hundred pound by a rate but desire to leave every man to his free liberty to give me either in money or in labour as a consideration for settleing with you as much as he pleaseth not desiring any man to give more then he thinks he ought give towards the support of the gosple nothing doubting but that you will all remember that he which soweth plentifully shall reep plentifully thus requesting an interest in your addresses to heaven at all tims that I may be enabled to fullfill my ministry and asuring you that I shall bear you upon my heart before god continually and wishing you all imaginable temperal happiness & filicity But

especially most earnestly desiring present future and everlasting
happiness of your souls I subscribe yours
for Jesus sake

answer

The first offers you made me to settle with you in the ministry were such as I verily beleive it was not my Duty to accept and though you have since made some addition yet I have at present that charity for you as to think you have not increased them as you would have done had not your circomstances been so difficult as I perceive just now they are I have taken into serious consideration your invitation and offeres y^e circomstances of the tims and of your town and have concluded to answer as follows viz

I as to the settlement you offer though it is small yet what some persons not living in the town have given encourgment they will do for me besids y^e four hundred which you offer moves me to except it and rune the risque which I think is not small of gitting Land by and by to settle upon

As to the salary it is so small that were you a large and an able people I would not except it but I expect that you will keep up y^e value of it by making it yearly equal to silver at so much an ounce as it is at this time and also that in case my circumstances by & by call for & yours will admitt it youll make further additions to it I fully expected you would have given me some wood at my first settling with you but since you have not done it I wont now insist upon it but I would let you know that I depend upon your giving me a sufficiency of fire wood yearly after the expiration of y^e four first years for I am fully perswaded y^t y^e salary you offer me will barely enough serve to provid other necesiceries upon the whole I would Let you know y^t I depend much upon your generiosty towards me in case you shall be able and I stand in need and nowe hoping I am in y^e way of my duty I hearby declare y^t I except your invitation to settle with you in y^e work of y^e ministry entreeting of god to furnish me for and assist me in this great and and important work and undertaking and to make me an instrument of promoting your unity peace and comfort & everlasting salvation in fine Begging of god to Bless and prosper you in all your lawfull interst and concerns & to inable us to live in love and peace while on earth and at death to translate us to his heavenly kingdom and glory I subscrib your affectionat freind and servent

A highway laid out by the select men of sd town begining at the west end of Daniel Coburn Sen^rs house runing about north to a little wight oak stadle with a heep of stons about it between the road and his old feild fence at the north part of his feild from thence runing about north straight to a chasnut tree with a heep of stons about it standing by the road that coms from Cap^{tt} Clement Corbins to our meeting house near the little bridge and the above sd marks are on the east sid of sd road and sd road to be four rod wid from sd Coburns to our meeting house

Some time in the fall in the year 1744 the select men of Dudley were up at m^r Joseph putneys house in sd town in order to alter the road that was formerly laid out by the select men of sd town from m^r putneys by Eben^r Coburns and we thought it most convinient to have it from m^r putneys house runing about southeast through sd putneys land by a cuple of walnut stables and over the brook at the south part of his medow at a place calld the bever Dame and from thence near as the path nowe is to a little gate between sd putneys land and Eben^r Coburns land and so through the south west corner of sd Coburns as the path is now trod into

In Congress July 4th 1776

A Declaration by the Representatives of the United States
 of America in General Congress Assembled

When in the Course of human Events it becomes necessary
 for one people to dissolve the political Bands which have
 Connected them with another and to assume among the
 powers of the Earth the separate and equal station to which
 the Laws Nature and Natures God entitle them a decent
 Respect to the opinions of Mankind requires that they should
 declare the causes which impel them to the separation

We hold these Truths to be self-evident that all men are
 created equal that they are endowed by their Creator with
 certain unalienable Rights that among these are Life
 Liberty and the pursuit of Happiness that to secure these
 Rights governments are instatuted among men deriving their
 just powers from the consent of the governed that when-
 ever any Form of government becomes distructive of these
 ends it is the Right of the people to alter or to abolish it, and
 to institute new governments laying its Foundation on such
 princeples and organising its powers in such Form as to them
 shall seem moste likely to affect their safety and Happiness.
 Prudence indeed will dictate that governments long established
 should not be changed for light and transent Causes ; and ac-
 cordingly all Experiance hath shewn that Mankind are more
 disposed to suffer while Evils are sufferable then to Right
 themselves by abolishing the Forms to which they are ac-
 customed. But when a long Train of abuses and usurpations
 persuing invariably the same object evinces a Design to reduce
 them under absolute Despotism it is their Right it is their
 Duty to throw oil such government and to provide new guards
 for their future security. Such has been the patient sufferance

of these Coloneys and such is now the Necessaty which constrains them to alter their former systems of government. The History of the present King of Great-Brittain is a History of repeated injurys and usurpation all having in direct Object the Establishment of an absolute Tyrant over these States: To prove this let facts be submitted to a canded World.

He has refused his assent to Laws the moste wholsome and Necessary for the publick good

He has forbidden his governors to pass Laws of immediate and pressing importance unless suspended in their operation untill his assent should be obtained; and when so suspended he has utterly neglected to attend to them.

He has refused to pass other Laws for the accomodation of large Destricts of people unless those would relinquish the Right of Representation in the Legislature a Right inestimable to them and formidable to Tirants only.

He has called together Legislative Bodys at places unusual uncomfortable and distant from the Depository of their publick Records for the sole purpose of fatiguing them into compli-ance with his measures.

He has dissolved Representative houses repeatedly for opposing with manly Firmuess his Invasions on the Rights of the people.

He has refused for a long time after such Desolutions to cause others to be elected: Whereby the Legislative powers incapable of annihilation have returned to the people at large for their Exercise the State remaining in the mean time exposed to all the Dangers of Invasion from without and convulsions within.

He has endeavoured to prevent the population of those States; for that Purpose obstructing the Laws for Naturaliza-tion of Foreigners; refusing to pass others to encourage their migrations hither and raising the conditions of new appropri-ations of Lands

He has obstructed the administration of Justice by refusing his assent to Laws for establishing judiciary powers.

He has made Judges dependant on his Will alone for the

tenure of their offices and the amount and payment of their salaries

He has erected a multitude of new offices and sent hither swarms of officers to harrass our people and eat out their substance.

He has kept among us in Times of peace standing armies without the consent of our Legislature.

He has affected to render the military independant of and superior to the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our Constitution and unacknowledged by our Laws giving his assent to their acts of pretended Legislation

For quartering large Bodies of armed Troops among us ;

For protecting them by a mock Trial from punishment for any murders which they should commit on the inhabitants of these States :

for cutting off our Trade with all parts of the world

For imposing taxes on us without our consent

For depriving us in many cases of the Benefit of Trial by *July

For transporting us beyond seas to be tried for pretended offences

For abolishing the free system of English Laws in a neighboring province establishing therein an arbitrary government and enlarging its Boundaries so as to render it at once an Example and fit Instrument for Introducing the same absolute Rule into these Colonies

For taking away our Charters abolishing our most valuable Laws and altering fundamentally the forms of our governments

For suspending our own Legislatures and Declaring themselves invested with power to legislative for us in all cases whatsoever

He has abdicated government here by declaring us out of his protection and waging war against us

He has plundered our seas ravished our coasts burnt our Towns and destroyed the Lives of our people

*Jury doubtless meant.—ED.

He is at this Time transporting large armies of foreign mercenaries to compleat the works of Death Desolation and Tyrany already begun with circumstances of cruelty and perfedy scarcely parelled in the most barbarous ages and totally unworthy the Head of a sivilized Nation

He has constrained our Fellow citizens taken captive on the high seas to bare armes against their Country; to become the Executionors of their Friends and Brethren or to fall themselves by their Hands

He has excited Domistic Insurrections amongst us and has endeavoured to bring on the Inhabitants of our Frontiers the merceless Indian savages whose known Rule of warfare is an undistinguished Distruction of all ages sexes and conditions

In every stage of the oppressions we have petitioned for Redress in the moste Humble terms: Our repeated petitions have been answered only by repeated Injurs: A prince whose carractor is thus marked be every act which may define a Tirant is unfit to be the Ruler of a free people;

Nor have we been wanting in attention to our British Bretheren. We have warned from Time to Time of attemp by their Legislature to extend and unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our Emigration and settlement here. We have appealed to their native Justice and magnanimety and we have conjured them by the Ties of our common Kindred to disavow these usurpations which would inevitable interrump our connections and corespondence. They too have been deaf to the voice of Justice and of consanguinity. We must therefore acquiesce in the Necessary which Demands our separation and hold them as we hold the rest of mankind Enemies in war; in peace Friends:

We therefore the Representatives of the United States of Amarica in General Congress assembled appealing to the Supreme Judge of the world for the Rectitude of our Intentions do in the name and by the authorety of the good people of these Coloneys Solomly publish and Declare That these united Coloneys are and of Right ought to be free and Inde-

pendant States that they are absolved from all allegiance to the British Crown and that all political Connexion between them and the State of great Brittain is and ought to totally dissolved and that as free and Independant States they have full power to levey war conclude peace contract alliances establish commerce and to do all other acts and things which Independant States may of Right do. And for the support of this Declaration with a firm Reliance on the protection of Divine providance we mutually pledge to each other our Lives our Fortunes and our Sacred Honor.

At a Council Convened at Dudley, August the 19th 1788— Present the Honorable Joseph Dorr; Joseph Reed Esq^{rs} & Joseph Huntington D. D. a Complaint was laid before the Council, by Edward Davis Esq^r against the Rev^d Pastor of the Church in this place And Col^o Jonathan Day Charging the said Pastor And S^d Col^o Day with a breach of the Ninth Commandment, as by S^d Complaint, bearing date June 19 1788 on File appears — also a charge was brought against the Above named Edward Davis Esq^r for breach of the fourth Commandment, in absenting himself from the Holy sacrament of the lord's supper, and other unbecoming Conduct on The same occasion; and some other matters relative to the expence of S^d Council were also Submitted to the decesion of the Same.

**Result of
Council
1788**

The Council opened by Prayer: and after a Deliberate and Impartial attention to the Evidences and all arguments That were offered, and a mature consideration of the same, the Council have unanimously agreed on the following result, (Viz) with regard to the S^d Rev^d Pastor and Colo Day, It is our opinion that the charge brought against them is not sufficiently supported, and that what they said relative to Deacon Davis in alledging that he made a record not agreeable to the Truth of facts &c. was spoken according to their opinion

and Understanding of the Vote of the Town in that case and also Agreeable to the Justice of the matter contained in S^d Vote. Although, at the same time Gospel Charity leads us to believe that the S^d Decon did record the said vote according to his own sense and understanding of the same; yet we disapprove of the vague and incorrect method in which S^d record was made; and we look on this article only as a Mis-understanding between the adverse parties, which is unhappy, but not criminal, as a matter of Censure.

And with regard to the accusation against Decon Davis, As above expressed; it is our opinion that the S^d Deacon unhappily Deceated from his Duty, in absenting himself from the Holy Sacrament, & in neglected a Seasonable preparation of the Elements & vessels necessary in the administration of the Same; and we think it his duty to disapprove of his conduct In that matter, which we Judge he may sufficiently do by an Express approbation of this our result of Council at this time in the presence of this assembly.

We are Happy to observe so much Charity, Candor, and Christian Temper, as hath appeared in the managment of this Controversy, Since we have been present; and add our fervent and Devout prayers, that a spirit of love, truth and a sound mind may ever abundantly prevail in this place; that it may please the Great Head of the Church to afford you his richest blessings with A preached Gospel and the ordenances of it; to build you up in Faith and Love, and in his own time to present you all Faultless before the presence of his Glory with Exceeding Joy.

Passed in Council at Dudley the day Years Above written

Attest J. Huntington Scribe

P. S. Inasmuch as the labors of this Council have been Sincerely designed for the Good of this church, inclusive of great benefit to the Town, in the restoration of Peace to the Church & Securing of Harmony & tranquility to the Town: we think It most advisable that the Church should see that

the expense of Council be defrayed, nothing doubting that the Good people of the Town will voluntarily bear their small proportion Therein
